

EMWA Workshops with Pharmacovigilance (PV) Contents

PV Workshops

- DDF32 – Introduction to Pharmacovigilance Writing
- DDF30 – Writing Risk Management Plans
- DDA20 – Risk Management Plans: Challenges and insights
- DDA14b – Periodic Benefit-Risk Evaluation Reports
- DDA15 – Development Safety Update Reports
- DDA26 - Post-submission PV writing: interactions with authorities and impact on RMPs and PSURs

Workshop not strictly PV but may be helpful:

- DDF22 and DDF23 (Drug safety for Medical Writers Parts 1 and 2)

Please check the EMWA website for the workshop abstracts, which give more details about these workshops.
